Maestra Delgado | Week #10
October 27, 2023

NOTAS de Maestra:

We had a wonderful week!

What a wonderful day we had today! Grandparents/Friends Day is one of my favorite days at ZCS! That is also a favorite day for the students, they were talking about it for a whole week. :) Have a wonderful weekend!

Noviembre Birthdays

November 1- Charlie

Announcements:

Dear parents, the ZCS Servant Leader Team is holding a donation drive! We are partnering with Sus Manos Gleaners to bring medical supplies to Haiti. We are asking YOU to help. Some needs are: Toothpaste, Toothbrushes, Flip flops, Rehydration powder, Bar soap, Washcloths, Band-aids. We will have donation boxes in Mr. Paauw's office, the front office, and the preschool office. We will be collecting these items from now until **November 7**.

From the Immersion Director:

When I interact with people who are unfamiliar with immersion education, I am often asked how it is possible for children to learn academic concepts at the same time they are learning a new language. I briefly explain that our immersion teachers are experts at something called *counterbalanced instruction*. This is basically a technical way of saying that our teachers artfully dance between teaching content and teaching language concepts. We know that language is best learned within a meaningful context; therefore, while teaching math (or science or any other subject) our teachers will have both content *and* language goals. They will be teaching multiplication but will quickly side step to highlight a language feature that came through in the instructions or the story problem. While teaching social studies, they might ask the students to circle four past tense verbs in the text about the civil war. It is truly a beautiful thing to watch how our immersion teachers weave *counterbalanced instruction* into all of their teaching!

ZCS Important Dates:

October 30: No busing

November 9: No PM Busing

November 9: Legacy Event, 6-9pm. *tickets required

November 10: No School
