

Valentines Day

raising MONEY FOR the PHILIPPINES

All kindergarten classes celebrate Valentine's Day by learning more about God's commandment for us to love one another. We want the children to not only learn how to show God's love to their family and classmates that they see often, but also to members of God's family that live far away. We will continue to talk about God's big family that lives all over the world. We especially want the children to learn more about Grace Christian School in the Philippines.

Grace Christian School has been our sister school in the Philippines for several years now. The Philippines has an educational system similar to the U.S. except that it is very poorly funded. It is common to see children in a classroom with limited supplies. As you can well imagine, it is very different than Zeeland, Michigan. Another large difference is that children do not have the opportunities to hear about our Savior. Our sister school is trying to change all this by providing an education for children that not only includes a teacher and school supplies but also the message of Jesus Christ.

Kindergarten classes will all work together to help pay the tuition costs for one child in our sister school in the Philippines. a 5-year-old boy in kindergarten. See attached picture and information to learn more about him.

As a family, please make a plan as to how you would like your child to be involved in earning money and giving the gift of Christian Education. Please use the quarter heart sheet attached for collection. We want this to be a meaningful experience for your child and family. Please send the money by the end of February.

Love and Blessings,

The Kindergarten Team
